

Curriculum Vitae

BENJAMIN CLEVELAND AMICK III

School of Public Health
University of Texas Health Science Center at Houston
P.O. Box 201886
Houston, TX 77225

CURRENT POSITIONS

Associate Professor of Behavioral Sciences, Epidemiology and Occupational Safety and Health, School of Public Health, The University of Texas Health Science Center at Houston, Houston, TX, 1999-present

Director, Occupational Injury Prevention Research Doctoral Training Program, Southwest Center for Occupational and Environmental Health (SWCOEH), The University of Texas Health Science Center at Houston, Houston, TX, 2001-present

Director, Occupational Epidemiology Doctoral Training Program, Southwest Center for Occupational and Environmental Health (SWCOEH), The University of Texas Health Science Center at Houston, Houston, TX, 2004-present

Co-Director (with Sarah Felknor), Fogarty International Training Program in Injury and Trauma, Southwest Center for Occupational and Environmental Health (SWCOEH), The University of Texas Health Science Center at Houston, Houston, TX, 2006-present

Scientist, The Institute for Work and Health, Toronto, Canada, 2002-present

Adjunct Associate Professor, Department of Behavioral Sciences, Division of Cancer Prevention, M.D. Anderson Cancer Center, Houston, TX, 2000-present

EDUCATION

Post-Doctoral Fellow, Division of Chronic Disease Epidemiology, Department of Epidemiology and Public Health, Yale School of Medicine, New Haven, CT, 1990-1992

Ph.D. Department of Behavioral Sciences and Health Education, The Johns Hopkins University, School of Hygiene and Public Health, Baltimore, MD, 1981-1986

B.S. Department of Chemistry, University of Maryland, College Park, MD, 1973-1978

B.A. Department of Anthropology, University of Maryland, College Park, MD, 1973-1978

MAJOR PROFESSIONAL INTERESTS

- The social epidemiology of work and health
- Social inequalities, health disparities and social change
- The role of multi-level models in public health
- Labor markets and worksite intervention research
- Outcomes assessment and the measurement of work disability and productivity
- The organization, evaluation and redesign of occupational health services
- Ergonomics and musculoskeletal disorders
- Health services and musculoskeletal disorders

FORMER EMPLOYMENT

Associate Director, Texas Program for Society and Health, Rice University, Houston, TX, September 1999-2005

Visiting Professor, Department of Public Health, School of Medicine, St. George University, Grenada, West Indies, October, 2001

Assistant Professor, Department of Family Medicine and Community Health, Tufts University School of Medicine, Boston, MA, January 1995–August 2000

Research Scientist/Senior Scientist, The Health Institute, New England Medical Center, Boston, MA, February 1992–August, 1999

Lecturer, Department of Health and Social Behavior, Harvard School of Public Health, February 1992-August, 1999

Supervisor, Post-Doctoral Fellows Program, The Joint Program in Society and Health, New England Medical Center and Harvard School of Public Health, February 1992-September 1995

Director, Health Services Administration, Division of Health Services, Department of Corrections, State of Connecticut, Hartford, CT, July 1989-June 1990

Coordinator, Research for Management Practice, The Hay Group, Hay Management Consultants, Washington, D.C., November 1988-June 1989

Private Consultant in Occupational Health, Ergonomics, and Organizational Change, Madison, WI, May 1987-October 1988

Policy Analyst, Communication and Information Technologies Program, Office of Technology Assessment, Congress of the United States, Washington, D.C., June 1984-May 1987

Research Scientist, Applied Psychology and Ergonomics Branch, Division of Behavioral and Biomedical Sciences, National Institute for Occupational Safety and Health, Cincinnati, OH, June 1982-November 1983

PROFESSIONAL COMMITTEE MEMBERSHIPS

- UTSPH Representative, Behavioral and Social Sciences Advisory Council, Association of Schools of Public Health (2002-present)
- Co-Director, National Occupational Research Agenda (NORA) Health Services Research Committee, National Institute for Occupational Safety and Health (2002-2006)
- Member, Injuries in America Ad Hoc Committee, Association of Schools of Public Health (2002)
- Member, Educational Competencies Ad Hoc Committee, Association of Schools of Public Health (penned population perspective competencies) (1999-2004)
- Member, National Occupational Research Agenda (NORA) Social and Economic Burden of Occupational Illness and Injury Committee, National Institute for Occupational Safety and Health (1997-2006)
- Member, Steering Committee for the 5th & 6th Annual APA/NIOSH Conference on Work Stress (2001-2005)
- Member, Special Ad Hoc Advisory Committee for the Office of Special Populations, National Cancer Institute (1999-2000)

PROFESSIONAL ORGANIZATION MEMBERSHIPS

- Member, American Public Health Association (since 1981)
- Member, Society for Epidemiological Research (since 1981)
- Member, American Sociological Association (since 1983)
- Member, Human Factors & Ergonomics Society (since 1983)
- Member, Academy of Health Services Research (since 1999)
- American Society for Safety Engineers (since 2006)

ADVISORY BOARDS

- Scientific Advisory Board, National Nurses Work and Health Survey, Canadian Institute for Health Informatics (2003-present)
- American Pain Foundation, National Scientific Advisory Committee (2001-present)
- Chair, Center for the Study of Cultural Diversity in Healthcare, University of Wisconsin Medical School (February 2002-present)
- State of Massachusetts, Occupational Health Program (1997-99)
- Ergonomics Research Center, University of Connecticut (1996-99)

GRANT REVIEW PANELS

- Member, International Research Scientist Development Award Review Panel (2006), Fogarty/NIH
- Member, Center for Workforce Excellence Special Review Panel (2005), CDC/NIOSH
- Temporary Member, Occupational Safety and Health Scientific Review Committee, National Institute of Health (NIH) (2002-2003)

- Ad-Hoc Reviewer, Institut de Recherche en Sante en Securitie du Travail, Quebec, Canada (2002)
- Ad-Hoc Reviewer, Workers' Compensation Research Board, British Columbia, Canada (2001-present)
- Ad-Hoc Reviewer, Workers' Compensation Research Board, Ontario, Canada (2001-present)
- Chair/Member, Public Health Law and the Public's Health Special Review Panel, Centers for Disease Control (2000-2003)
- Member, Intervention Studies Special Review Panel, National Institute for Occupational Safety and Health (1997-1999)
- Ad-Hoc Reviewer, NIA, Charles Pepper Research Centers, (1997-1998)
- Ad-Hoc Reviewer, Behavior and Mental Health Scientific Review Committee for National Institute of Mental Health (1997-1998)

MANUSCRIPT REVIEWER (Since 1986)

American Journal of Epidemiology, American Journal of Industrial Medicine, American Journal of Public Health, Applied Ergonomics, Arthritis & Arthritis Care, Behavior and Information Technology, Ergonomics and Human Factors, Health Affairs, Journal of Clinical Epidemiology, Journal of Epidemiology and Community Health, Journal of Health and Social Behavior, Journal of Occupational Health Psychology, Journal of Occupational and Environmental Medicine, Lancet, Medical Care, Milbank Quarterly, Office: Technology and People, Public Health Reports, Psychosomatic Medicine, Social Science and Medicine, Spine, Occupational & Environmental Medicine.

INSTITUTIONAL ACTIVITY

The Health Institute, New England Medical Center

- Director, Scientific Plenary Seminars (1992-1999)

Harvard University

- Member, Harvard University, Mind, Brain, Behavior Interdisciplinary Initiative (1996-2000)
- Penned Joint Program in Society and Health Strategic Plan (with Dr. Sol Levine and Dr. Diana Chapman Walsh)

University of Texas Health Science Center - Houston

- Member, Injury Prevention and Control Strategic Initiative, Division of Environmental and Occupational Health (2006-present)
- Chair/member, Health Disparities Concentration/Certificate Development Program (2004-present)
- Advisory Board Member, Center for Health, Humanities and the Human Spirit (2004-present)
- Chair, School of Public Health Faculty Affairs Committee (2001-2004)
- Member, School of Public Health Faculty Policy Committee (2001-2004)
- Member, School of Public Health Faculty Development Leave Committee (2001-2004)
- Member, Multicultural Affairs Committee (2001-present)
- Member, Core Committee for the Advancement of Minorities and Women (2000-present)
- Member, Associate Dean for Academic Affairs and Associate Professor of Organizational Behavior Search Committees (2000-present)
- Convener, School of Public Health Behavioral Sciences Discipline (2001-2004)
- Faculty Mentoring Committee Member for numerous faculty in the school (2000-present)

PUBLICATIONS

Journal Articles (Peer-Reviewed – students marked with *)

PAPERS/POSTERS (Peer-Reviewed: Only Lead Author)

1. Predictors of Successful Work Role Functioning Following Carpal Tunnel Release Surgery. *NORA 2003 Symposium on Working Partnerships: Applying Research to Practice*. Hilton Crystal City Hotel, Arlington, VA: June 23-24, 2003.
2. Labor Markets and Health: A Social Epidemiological Perspective. *Workplace/Workforce Mismatch: Work, Family, Health and Well-Being*. Washington, D.C.: June 18, 2003.
3. Organizational Predictors of Successful Return to Work. *5th APA/NIOSH Conference on Work and Health*. Toronto, CA: March 23-25, 2003.
4. Bringing the Organization Back into Workers' Compensation Research. *Workers' Compensation Research Group Meeting*. Cambridge, MA: March 2-3, 2002.
5. Old Health Problems and the New Economy: Pathways to Societal Change. *129th APHA Annual Meeting*. Atlanta, GA: October 23, 2001
6. Results of Florida and Minnesota Surveys on Performance of Workers' Compensation Systems. *Workers' Compensation Research Group*. Santa Monica, CA: November 17, 2000.
7. Organizational Predictors of Reduced Work Disability. *128th American Public Health Association Meeting: Eliminating Health Disparities*. Boston, MA: November 12-15, 2000.
8. Disability Outcomes in the Workplace. *128th American Public Health Association Meeting: Eliminating Health Disparities*. Boston, MA: November 12, 2000.
9. Life Course Psychosocial Work Exposures and Mortality. *4th APA/NIOSH Conference on Work and Health*. Washington, D.C.: March 12 – 14, 1999.
10. Predictors of Two Month Work Status in a Cohort of Workers Undergoing Carpal Tunnel Release. *Workers' Compensation Research Group Meeting*. Cambridge, MA: March 7-8, 1999.
11. Work, Household and Leisure Time Limitations in Work-Related Carpal Tunnel Syndrome. *Workers' Compensation Research Group Meeting*. Cambridge, MA: March 6-7, 1998.
12. Putting the Organization Back Into the Social Epidemiology of Work. *American Sociological Association Meeting*. Toronto, Canada: August 9, 1997.
13. Developing a New Measure of Organizational Policy and Practices. *Workers' Compensation Research Group Meeting*. Rutgers University, Camden, NJ: July 19 - 20, 1997
14. Questionnaire Design and Questionnaire Development: Lessons from the Field. *Workers' Compensation Research Group Meeting*. Rutgers University, Camden, NJ: July 19 - 20, 1997
15. Work Organization and Drinking: A Comparison of Two Exposure Models. *124th American Public Health Association Annual Meeting*. New York: November 3-8, 1996.
16. The Relationship of Drinking and Poor Job Design to Work-Related Injury. *122th Annual American Public Health Association Meeting*. Washington, DC: October 30-November 3, 1994.
17. 'Ergonomics and Your Health': A Surveillance Program to Evaluate the Effectiveness of Ergonomic Interventions. *122th Annual American Public Health Association Meeting*. Washington, DC: October 30-November 3, 1994.
18. The Relationship between Stress and Work Environments and Levels of Drinking. *121st Annual American Public Health Association Meeting*. San Francisco, CA: October 24-28, 1993.

19. Ergonomics in U.S. Industry: Findings from 1990-91 OSHA Medical Surveillance Survey. *121st Annual American Public Health Association Meeting*. San Francisco, CA: October 24-28, 1993.
20. The Politics of Science or Science-Based Policy: The Case of the San Francisco VDT Ordinance. *Human Factors Society*. San Francisco, CA: 1991.
21. Evaluating Expert Systems: Rule- or Skill-Based? *Conference on Culture, Language and Artificial Intelligence*. Stockholm, Sweden: 1988.
22. Continued Automation in USA Insurance Companies and Banks: Expert Systems at the Underwriter Level (translated into Swedish by Olov Ostberg, Forstatt Automatisering av USAs Forsakringsbolag och Banker Expertsystem pa Handlaggarniva). *TCO Tidningen*, Stockholm, Sweden: 1988.
23. Computers in the Work Place and the OSHA Standard Setting Process. *Second International Symposium on Human Factors in Organizational Design and Management*. Vancouver, Canada: 1986.
24. Translating Research on New Technology into Public Policy: Is There a Role for Ergonomists? *Second International Symposium on Human Factors in Organizational Design and Management*. Vancouver, Canada: 1986.
25. Trends in the Automation of America's Offices: Implications for US Public Policy. *Second International Symposium on Human Factors in Organizational Design and Management*. Vancouver, Canada: 1986.
26. The Impacts of Office Automation on the Quality of Worklife: Considerations for the United States Congress. *The 5th UOEH International Symposium: Occupational Safety and Health in Automation and Robotics*. Kitakyushu, Japan: 1985.
27. A Three-Year Follow-Up of Changes in the Task Structure of Office Workers during Office Automation. *International Ergonomics Association Meetings*. Bournemouth, England: 1985.
28. Ergonomics and Social Epidemiology: Where Should Integration Begin? *International Ergonomics Association Meetings*. Bournemouth, England: 1985.
29. The Implications of Technological Change for Worker Health: The Role of Job Redesign in Public Health. *First International Symposium on Human Factors in Organizational Design and Management*. Honolulu, Hawaii: 1984.
30. Considerations in Defining Office Automation: A Case Study of the East African Region of the World Bank. *First U.S.A.-Japan Conference on Human-Computer Interaction*. Honolulu, Hawaii: 1984.
31. Technology, Work-Related Stress and Health among U.S. Postal Workers. *American Public Health Association Meetings*. Dallas, TX: 1983.
32. The Health Consequences of Technological Change. *American Public Health Association Meetings*. Montreal, Canada: 1982.

INVITED LECTURES (only those where presenter)

1. Health and Productivity: Missing Links or Links Missing. Business Health-Employee Health Keynote. July 21-23, 2006.
2. Social Determinants of Health. Disparities in Health in America 3rd Annual Summer Workshop, Houston, TX, June 4-10, 2005
3. Health Disparities over the working life course: Findings from the Panel Study of Income Dynamics. University of Illinois at Chicago, School of Public Health. Chicago, Illinois. January 9, 2004.
4. Musculoskeletal Disorders: Interventions, Outcomes and Proposals: Welcome to 'Reality Science.' 2004 Symposium: Health and safety priorities for the 21st century. National Occupational Research Agenda (NORA). University of Minnesota, School of Public Health. Minneapolis, MN. May 27, 2004.
5. Psychosocial Aspects of Occupational Illness and Injury. Annual Scientific Meeting. Texas College of Occupational and Environmental Medicine (TxCOEM). Austin, TX. May 15, 2004.
6. Cumulative Working Life Course Exposures and Mortality: Findings from the Panel Study of Income Dynamics. School of Public Health Research Colloquium. University of Texas Health Science Center-Houston, School of Public Health. Houston. April 24, 2003.
7. The Worker Injury National Survey (WINS) California Project. WINS Project Collaborative California Research Colloquium On Workers' Compensation Medical Benefit, Delivery and Return to Work. Los Angeles, CA. May 2, 2003.
8. Labor Markets and Health, Disparities in Health in America: Working Toward Social Justice. Seminar Series at the University of Houston, Center for Research on Minority Health. Houston. October 22, 2002.
9. Multiple Determinants of Successful Aging: A Society and Health Perspective. Regenstrief Conference. Indianapolis. October 1, 2002
10. Relationship between All-Cause Mortality and Cumulative Working Life Course Psychosocial and Physical Exposures in the United States from 1968-1992. National Institute for Occupational Safety and Health. Washington, DC. June 26, 2002.
11. Labor Market Experiences: What Do Policy Makers Need to Know to Improve Population Health? Canadian Population Health Initiative Partnership Meeting. Ottawa. March 13-15, 2002.
12. Measuring the Impact of Illness and Injury on Work Performance. Institute for Work and Health Plenary. Toronto. January 16, 2002.
13. The Labor Markets and Health Framework: A Tool for Building a Competitive Advantage. University of Texas School of Public Health. Dallas. December 17, 2001.
14. Social Inequalities in Health: From Public Health Research to Public Health Action. Public Health Grand Rounds. St. George's University, School of Medicine. Grenada, West Indies. October 9, 2001.
15. Health and Productivity: Building a Competitive Advantage. Institute for Health and Productivity Management. Orlando. Sept., 26, 2001 (Dr. Amick made this presentation on behalf of the Institute for Work and Health).
16. The Worker Injury National Survey Project: Exploring the Feasibility of Building a National Resource. 25th Annual National Symposium on Workers' Compensation. Chicago. July 18, 2001.

17. Work & Health: New Relationships in a Changing Economy. California and International Perspectives, Co-hosted by The California Endowment, The California Wellness Foundation and The Rockefeller Foundation. San Francisco. March 15-16, 2001.
18. Assessing Work Organization Exposure: Towards a New Occupational Epidemiology. Department of Preventive Medicine and Community Health. The University of Texas Medical Branch. Galveston. April 16, 2001.
19. Measuring Organizational Policies and Practices as Predictors of Successful Return to Work. Center for Society and Population Health Luncheon Lecture Series. Center for Society and Population Health, The University of Texas Health Science Center at Houston, School of Public Health. Houston. February 28, 2001.
20. Welfare to Work Transitions and their Health Consequences. Institute for Work and Health. Toronto, Canada. February 17, 2001.
21. Life Course Psychosocial and Physical Work Exposures and Mortality. Texas Institute for Society and Health Seminar Series. Rice University. Houston. November 28, 2000.
22. Thinking about How to Evaluate the Health Impacts of Ergonomic Interventions. Steelcase Corporation Scientific Advisory Board. Grand Rapids, MI, November 1, 2000.
23. Linked Lives as Convoys of Stressors and Resources. James A. Baker Institute for Health Policy. Rice University. Houston, TX, September 26, 2000.
24. The Role of Workers' Compensation in Health Services: Building a National Database. Agency for Healthcare Research and Quality. Washington, DC. April 26, 2000.
25. Labor Markets and Health: Building a Competitive Advantage. National Policy Association Meeting, Lifeline to a Healthy Workforce. Committee on New American Realities. Austin, TX. April 13-15, 2000.
26. Do Organizations Play a Role in Return to Work? Measuring Organizational Policies and Practices. Department of Psychology. Rice University. March 17, 2000.
27. Physicians, Social Change, and Ethics. 2000 Ethics in Medicine Lecture Series. University of Texas-Houston. Medical School. February 23, 2000.
28. Bringing the Organization Back into Return to Work Research: Measuring Organizational Policies and Practices. Centers for Disease Control. NIOSH. Applied Psychology & Ergonomics Branch. Division of Applied Research and Technology (DART). Robert Taft Labs, Cincinnati, OH. February 18, 2000.
29. Measuring Role Performance Moving Beyond the SF-36. Centers for Disease Control, NIOSH, Applied Psychology & Ergonomics Branch, Division of Applied Research and Technology (DART), Robert Taft Labs, Cincinnati, OH, February 18, 2000.
30. The Feasibility of a National Workers' Compensation Medical Care Data Base: A Study Supported by the Robert Wood Johnson Foundation Workers' Compensation Research Initiative. NIOSH-wide Teleconference Presentation; Cincinnati, OH, February 17, 2000.
31. Life Course Psychosocial and Physical Work Exposures and Mortality. Division of Surveillance, Hazard Evaluations and Field Studies (DSHEFS), NIOSH, CDC, Cincinnati, OH, February 17, 2000.
32. USA Efforts To Reduce Social Inequalities in Health. European Network on Interventions to Reduce Social Inequalities in Health, Helsinki, Finland, November 25, 1999.
33. Estimating Working Life Course Exposures for Labor Market Experiences: Letting the Genie out of the Bottle? Faculty Research Symposium, University of Texas-Houston, School of Public Health, Houston, TX, November 12, 1999.

34. Measuring Successful Return to Work Using the Work Limitations Questionnaire. The Medical Outcomes Trust State of the Art Conference, Baltimore, MD, Oct 24-26, 1999.
35. Bringing the Organization Back Into Return to Work Research: Measuring Organizational Policies and Practices. Ergonomic Barriers to Rehabilitation and Employment: A Symposium on Models and Methods, University of Michigan, Ann Arbor, MI, May 19-29, 1999.
36. Life Course Models of Work Exposure: What Can We Do and What Should We Do? Laval University Medical School, March 22, 1999.
37. If We Are Going to Intervene in Labor Markets to Improve Health then What Should Our Measures of Success Be and Why? The Rockefeller Foundation, March 2nd, 1999.
38. Measuring Successful Return-to-Work Using the Work Limitations Questionnaire. Fourth International Conference on Upper Extremity Cumulative Trauma Disorders, San Francisco, CA December 9-10, 1998.
39. A Brief Reflection on Labor Markets and Health. The Board of Directors of The California Endowment, San Francisco, CA, November 30th, 1998.
40. Measuring Generic- and Disease-Specific Measures of Functioning in Workers' Compensation Research, Robert Wood Johnson Foundation Workshop on Workers' Compensation, September 17-18, 1998.
41. Ergonomics and Your Health Project. The Office Ergonomics Research Committee, Grand Rapids, MI, July 30, 1998.
42. The Work Limitations Questionnaire: Design & Development. The American College of Environmental and Occupational Medicine Conference, Boston, MA, April 29, 1998.
43. Labor Markets and Health: A Framework and Illustrative Examples. Kansas Conference on Health and Its Determinants, Wichita, KS, April 20-21, 1998.
44. Society and Health: From Social Determinants to Social Change. Global Health Equity Initiative Meeting, ChongQing, China, October 4, 1997.
45. Human and Economic Costs of Occupational Injury and Illness. National NIOSH SENSOR Conference, Monterey, CA, May 12 – 15, 1997.
46. Job Strain and Health over the Life Course. Harvard Educational Resource Center of the Occupational Health Program, April 21, 1997.
47. Work Counts: Traveling the Social Inequality Highway to Poor Health. Tufts University School of Medicine, January 16, 1997.
48. Outcomes Research in Occupational Safety and Health. The University of Connecticut Health Center, Farmington, CT, September 9, 1996.
49. Measuring Work Loss and Productivity (with D.J. Lerner). GlaxoWellcome, Inc., Research Triangle Park, NC, May 19, 1995.
50. Measuring Work Role Functioning and Disability (with D.J. Lerner). Merck & Co., Inc., West Point, PA, November 28, 1995.
51. Organizational Life and Substance Use: Toward a Society and Health Model of How Drinking is Related to Work. Alcohol, Society and the Determinants of Health International Symposium, Kiawah Island, Charleston, SC: November 18-21, 1993.
52. Sociocultural Factors and Health - A Commentary on the State of the Evidence and Future Directions. Robert Wood Johnson Foundation Workshop on Sociocultural Factors and Health, Princeton, NJ: April 27, 1993.
53. Technology, Work Organization and the Concept of Exposure in the Workplace. The Johns Hopkins University, School of Hygiene and Public Health, Baltimore, MD, 1989.

54. Expert Systems Applications: Towards Integrated Human Systems or the Automated Expert. TCO Special Workshop on Expert Systems and Artificial Intelligence, Stockholm, Sweden, 1988.
55. Safety Regulations for the VDT Work Environment. Conexion '85, Atlanta Market Center, Atlanta, GA, 1985.
56. Public Health Issues in the Study of Visual Health and Computing. Industrial Products Research Institute, Ministry of International Trade and Industry, Japan, Tsukuba Science City, Japan, 1985.
57. Technology Bargaining and Human Factors Standards: American Vignettes on VDT's. International Forum of VDT Work - How to Use the VDT Effectively. Hiroshima Industry Association, Japan, 1985.
58. Organizational Context and Systems Analysis: Neglected Areas of Office Automation R & D. C & C Sensing Division, NEC International Headquarters, Tokyo, Japan, 1985.

FUNDED RESEARCH (United States Only)

Fogarty Training Program in Trauma and Injury funded by the Fogarty International Program, (NIH). Principal Investigator-Benjamin Amick. Direct Costs: \$750,000. May 2006-April 2011.

Sacred Vocation: Transforming Work in Health Care funded by Episcopal Health Charities. Principal Investigator-Benjamin Amick. Direct Costs: \$614,665. May 2001-June 2007.

Doctoral Training Program in Occupational Epidemiology Supplement to the Southwest Center for Occupational and Environmental Health Education and Research Center funded by the Centers for Disease Control (NIOSH). Principal Investigator-George Delclos. Training Grant Director-Benjamin Amick. Direct Costs: \$98,978. July 2006-June 2011.

Doctoral Training Program in Occupational Injury Prevention Research Supplement to the Southwest Center for Occupational and Environmental Health Education and Research Center funded by the Centers for Disease Control (NIOSH). Principal Investigator-George Delclos. Training Grant Director-Benjamin Amick. Direct Costs: \$113,978. July 2001-June 2011.

Center for Hispanic Health Disparities Research funded by NIH, Research Infrastructure in Minority Institutions Program based at the University of Texas Health Science Center at El Paso. Principal Investigator-John Bristol, UTEP. Co-Director-Benjamin Amick. Direct Costs: \$587,186. September 2003-September 2008.

Labor Markets and Health funded by the Texas Program for Society and Health, James A. Baker III Institute for Public Policy, Rice University. Principal Investigator-Benjamin Amick. Direct Costs: \$64,983. December 2003-December 2004.

Texas Program for Society and Health Seminar Series funded by the Texas Program for Society and Health, James A. Baker III Institute for Public Policy, Rice University. Principal Investigator-Benjamin Amick. Direct Costs: \$25,280. December 2003-December 2004.

Scientific Support Grant funded by the Institute for Work and Health. Principal Investigator-Benjamin Amick. Direct Costs: \$91,432. September 1, 2002-August 31, 2004.

Occupational Health Services Research funded by the Centers for Disease Control (NIOSH). Principal Investigator-Benjamin Amick. Direct Costs: \$ 37,491. May 2002-September 2003.

Leap ® Work Effectiveness Study funded by Steelcase Development Corporation. Principal Investigator-Benjamin C. Amick III. Direct Costs: \$11,415. August 2002-August 2003.

Organizational Predictors of Successful Return to Work funded by the Centers for Disease Control (NIOSH). Principal Investigator-Benjamin Amick. Direct Costs: \$340,271. September 1998- September 2002.

A Study of the Feasibility of a National Workers' Compensation Database funded by the Robert Wood Johnson Foundation, Workers' Compensation Research Initiative. Principal Investigator-Benjamin Amick. Direct Costs: \$338,177. November 1999-October 2002.

Outcomes of Injured Employee Health Status Assessment funded by the Centers for Disease Control (NIOSH). Principal Investigator-Bob Ross, University of Vermont. Consultant-Benjamin Amick, (Direct Costs: \$153,184). September 2000-August 2001.

Social Inequalities in Occupational and Health Services funded by the Centers for Disease Control (NIOSH). Principal Investigator-Al Dembe, University of Massachusetts At Worcester Medical Center. Subcontractor-Benjamin Amick, Direct Costs: \$117,000. September 2000-October 2002.

A Study of Social Cohesion in Communities in Houston and on the Mexico/Texas Border funded by the Texas Department of Health. Principal Investigator-Luisa Franzini. Co-Investigator Benjamin Amick (15% Time). Direct Costs: \$299,602. October 2000-September 2002.

Improving the Outcomes of Low Back Pain funded by UNUM Corporation. Principal Investigator-Debra Lerner. Co-Investigator-Benjamin Amick (30% Time). Direct Costs: \$181,000. December 1999-December 2000.

Work-Related Musculoskeletal Disorders: Evaluating Interventions among Office Workers funded by the National Institute of Occupational Safety and Health (NIOSH). Principal Investigator-Donald Cole. Consultant-Benjamin Amick, Direct Costs: \$151,633. September 1999-September 2002.

Work Injuries and Illnesses in Older Workers: Causes, Consequences and Prevention funded by the National Institute for Occupational Safety and Health. Principal Investigator-Glen Pransky. Subcontractor- Benjamin Amick, Direct Costs: \$343,689. October 1999-September 2002.

A Test of the Relationship of Work Limitations Questionnaire Scores to Worker Productivity funded by Glaxo/Wellcome. Principal-Investigator-Debra Lerner. Co-Investigator-Benjamin Amick (10% time). Direct Costs: \$36,329. May 1998-April 1999.

Maine Workers' Compensation Health Care Improvement Initiative funded by the Robert Wood Johnson Foundation (Grant # 034229). Principal Investigator-Robert Keller. Consultant-Benjamin Amick, Direct Costs: \$175,440. April 1998-September 2000.

Development of an Evaluation Plan for a Labor Market and Health Intervention funded by the California Endowment Foundation. Co-Principal Investigators-Nina Wallerstein, University of New Mexico Medical School and Benjamin Amick. Direct Costs: \$98,000. September 1998-June 2000.

Working Lives and Mortality in an Aging National Cohort funded by the National Institutes of Health (NIA) and the Centers for Disease Control (NIOSH). Principal Investigator-Benjamin Amick. Direct Costs: \$846,895. May 1996-September 2000.

Measurement of Human and Economic Burden of Occupational Illness and Injury, Grant #: RO1-OH03399, funded by the Centers for Disease Control (NIOSH). Principal Investigator-Benjamin Amick. Direct Costs: \$359,274. June 1996- Jan 1999.

Health-Related Ability to Work: A Self-Administered, Generic Questionnaire for Measuring Work Limitations funded by Glaxo/Wellcome. Principal-Investigator-Debra Lerner. Co-Investigator-Benjamin Amick (10% time). Direct Costs: \$324,619. February 1996-May 1999.

Condition-Specific Work Performance and Productivity Questionnaire funded by Merck. Principal-Investigator-Debra Lerner. Co-Investigator-Benjamin Amick (10% time). Direct Costs: \$70,000. June 1994- June 1996.

Organizational Determinants of Drinking funded by the Alcohol Beverage Medical Research Foundation. Principal Investigator-Benjamin Amick. Direct Costs: \$47,389. April 1996-February 1998.

The Impact of Work on Women's Health and Quality of Life (The Nurses Health Study), Grant #: RO1-AG1280601A1, funded by the National Institutes of Health. Principal Investigator-Graham Colditz. Co-Investigator-Ben Amick (10% time). Direct Costs: \$894,698. September 1995-August 1998.

FUNDED RESEARCH (Canada Only*)

*** In Canada funding typically only supports the work and not salary**

Survey of Disability Management Approaches in Ontario Workplaces funded by WSIB, RAC, and the Institute for Work & Health and based at McMaster University. Principal Investigator-Renee Williams, McMaster University Medical School. Co-Investigator-Benjamin Amick. Direct Costs: \$10,845. June 1999-May, 2002.

The Measurement of Work Disability funded by the Institute for Work & Health. Principal-Investigator, Dorcas Beaton, Institute for Work and Health. Direct Costs: \$7,260. Co-Investigator-Benjamin Amick. January 2001-December 2001.

PENDING RESEARCH PROPOSALS

United States

Assessing Bioterrorism in the US Economy to be resubmitted to the NIH. Principal Investigator-Benjamin Amick. Total Costs: Direct Costs: \$908,318.

An Office Ergonomic Field Experiment to be resubmitted to the NIH. Principal Investigator-Benjamin Amick. Total Costs: Direct Costs: \$1,110,960.

Pathways Linking Education and Smoking Cessation to be resubmitted to the NIH. Principal Investigator-David Wetter. Direct Costs: \$1,395,096. Co-Investigator-Benjamin Amick (20% time).

Multi-Level Obesity Prevention for School Personnel to be resubmitted to NIH. Principal Investigator-Deanna Hoeschler. Direct Costs" \$2,498,534. Co-Investigator-Benjamin Amick (15% time)

TEACHING

Courses at the University of Texas

Society and Health (3 credits): Developed this course designed as an introduction to the field of society and health and social change.

- Taught at Rice University in 2003 (co-instructors Bridget Gorman, Katherine Donato and Al Tarlov 20%)
- Taught at University of Texas School of Public Health in 2004 and 2005 (sole teacher)

Social and Behavioral Aspects of Occupational and Environmental Health (3 credits): Co-developed this course with Trudy Krause designed as a core Behavioral Science course with specific content in occupational and environmental health.

- Taught at University of Texas School of Public Health in 2001 (co-instructor Trudy Krause who contributed 40%), 2002 (co-instructor Trudy Krause 40%), 2003 (sole teacher), 2005 (sole teacher)

Social Epidemiology (3 credits): Building on a course developed by Sally Vernon (Psychosocial Epidemiology), we developed a new advanced doctoral course focusing on social epidemiology

- Taught at the University of Texas School of Public Health in 2002 (co-lead instructor Sally Vernon 50%), 2003 (co-lead instructor Sally Vernon 50%), 2004 (co-lead instructor Sally Vernon 50%)

Work Organization Epidemiology I & II (3 credits each): Developed and taught a two semester course focused on the integration of psychosocial and physical (biomechanical) exposures in the workplace and the application of this knowledge to the design implementation, analysis and presentation of results of a work organization survey of faculty and staff at UTSPH.

- Taught at University of Texas School of Public Health in 2001 (sole teacher), 2003 (sole teacher)

Social Epidemiology/Social Justice (2 credits): Developed along with Stephen Linder a reading seminar examining the fields of social epidemiology and social justice and their intersection.

- Taught both semesters at the University of Texas School of Public Health in 2003 (co-lead instructor Stephen Linder 50%), 2004 (co-lead instructor Stephen Linder 50%), 2005 (co-lead instructor Stephen Linder 50%)

Research Design and Analysis I & II (3 credits each): Co-developed this course with Pam Diamond (lead instructor) and Mark Williams designed as an advanced two semester doctoral course to provide students with the foundations for asking questions, designing studies to answer them and analysis.

- Taught at University of Texas School of Public Health in 2003 (co-instructor Ben Amick 25%) and 2005 (co-instructor Ben Amick 25%)

Social and Economic Determinants of Health (3 credits): Building on a course developed by David Low, Carl Hacker, John Ribble and Luisa Franzini, a new course was designed (Luisa Franzini as lead instructor) that became a core course in Management, Policy and Community Health focused on the social and economic determinants of health.

- Taught at the University of Texas School of Public Health in 2000 (Ben Amick 35%), 2001 (Ben Amick 35%), 2002 (Ben Amick 35%), 2003 (Ben Amick 35%).

Injury Prevention and Control (3 credits): Developed a course with Ralph Frankowski focused on concepts and methods of injury prevention and control

- Taught at the University of Texas School of Public Health in 2004 (co-lead instructor Ralph Frankowski 50%)

Applied Multilevel Modeling (3 credits): A course under development by Ben Amick and Ron Harrist designed for advanced doctoral students interested in learning how to conduct a multilevel analysis of data to produce a publishable paper.

- Taught continuously as independent studies with either Amick or Harrist from 2003 through 2005 (co-lead instructor Ron Harrist 50%)

Courses Designed and Taught at Other Universities

Introduction to Ergonomics and Industrial Hygiene (4 credits): At St. George's University, School of Medicine, Department of Public Health, co-developed and taught with Dr. M. Forde in 2001 (Ben Amick 50%)

Social and Behavioral Sciences (4 credits): At Tufts University, Medical School designed and taught (a required MD/MPH course) from 1995-1999 (sole teacher)

Lectures

At the University of Texas-Houston, School of Public Health, lecturer in:

- Occupational Epidemiology
- Introduction to Epidemiology
- Occupational Safety and Health Management
- Social and Behavioral Aspects of Community Health
- Health Policy, Society, and Population Health

At Rice University, lecturer in Advanced Topics in Biomedical Anthropology

At Harvard University, School of Public Health, lecturer in:

- Society and Health
- Social Epidemiology of CVD
- Social Inequalities and Health

At Yale University, School of Medicine, lecturer in Psychosocial Epidemiology

At Johns Hopkins University, School of Hygiene and Public Health, lecturer in Psychosocial and Behavioral Aspects of Work and Health

STUDENTS

Past Post-Doctoral Fellows

David Gimeno, Ph.D.

2003-2006 Fogarty International Scholars Post-doctoral Fellow
Current Position University College London, Whitehall Research Group

Jen'nan Ghazal Read, Ph.D.

2001-2003 Texas Program for Society and Health Post-Doctoral Fellow
Current Position: Assistant Professor, Department of Sociology
University of California, Irvine

Chloe Bird, Ph.D.

1993-1997 Harvard Society and Health Program Post-Doctoral Fellow
Current Position: Associate Behavioral Scientist
RAND Corporation, Santa Monica, CA

Eunice Rodriguez, Sc.D.

1993-1997 Harvard Society and Health Program Post-Doctoral Fellow
Current Position: Associate Professor, Department of Policy Analysis Management
Cornell University

Elizabeth Goodman, M.D.

1993-1997 Harvard Society and Health Program Post-Doctoral Fellow
Current Position: Professor of Child and Adolescent Health
Heller School for Social Policy & Management, Brandeis University

Xinhua "Steve" Ren, Ph.D.

1993-1997 Harvard Society and Health Program Post-Doctoral Fellow
Current Position: Associate Professor, Department of Health Services
School of Public Health, Boston University

Jenny Ruducha, Dr.P.H., R.N.

1993-1997 Harvard Society and Health Program Post-Doctoral Fellow
Current Position: Program Evaluator
Massachusetts Department of Public Health

Current Doctoral Students

Current Doctoral Student Dissertation Advisor

Shelley Brewer, M.S.

Occupational and Environmental Health
"Occupational Injury Prevention and Control Programs: From Research to Practice"

Tonatiuh Barrientos, M.D., M.S.

Epidemiology
"A Study of Second Hand Smoke Risk for Employees in Bars and Restaurants in Mexico City"

Karen Calabro, M.P.H.

Occupational and Environmental Health
"A Multilevel Study of the Organizational Determinants of Patient Assault Related Injuries in State Psychiatric Hospitals"

Jessica Tullar, M.P.H.

Epidemiology
"A Quasi-Experimental Field Study of the Sacred Vocation Program in Nursing Homes"

Cammie Chaumont Menendez, M.P.H.

Epidemiology
"A Longitudinal Study of College Study Computing Behavior and Musculoskeletal Symptoms"

Farah Ahmed, M.P.H.*

Epidemiology
"Respiratory Diseases in the Medical Professions"

Debra Reynolds, M.P.H.

Health Promotion/Behavioral Sciences
"The Role of Absenteeism in Predicting EAP Use"

Sandi Pruitt, M.P.H.

Health Promotion/Behavioral Sciences
"Unspecified"

Carol Mansyur, M.P.H.

Behavioral Sciences
"Cultural Basis of Health Inequalities"

Matt Shim, M.P.H, M.Sc..

Epidemiology
"Retirement and Health"

* Primary Advisor but not dissertation advisor

Current Doctoral Student Dissertation Committee Member

Jose Limardo, M.P.H.

Occupational and Environmental Health

Gerardo Ortiz, M.P.H.

Occupational and Environmental Health

Jignesh Shah, M.D.

Occupational and Environmental Health

Past Doctoral Student Dissertation Advisor

Dana Weinberg , Ph.D.

1999 Graduation Why are the Nurses Crying? Restructuring, Power and Control
in an American Hospital
Department of Sociology
Harvard University

Current Position: Assistant Professor, Department of Sociology
Simmons College, Boston MA

Damon Vidrine , Dr.P.H.

2002 Graduation Quality of Life and Functional Status in a Low-income, Multi-
ethnic HIV-positive Population
University of Texas School of Public Health

Current Position: Assistant Professor
University of Texas-M.D. Anderson Cancer Center, Houston TX

Glenda Sue Iha, Dr.P.H

2003 Graduation Organizational Determinants of Job Accommodation and
Improved Self-Efficacy Following Carpal Tunnel Surgery

Current Position: Director of Clinical Services
ExxonMobil Corporation, Houston TX

Past Doctoral Student Dissertation Committee Member

Arlene Keddie, Ph.D.

2003 Graduation Parental Socioeconomic Status and Congenital Heart Defects
University of Texas School of Public Health

Current Position: Post Doctoral Fellow in Society and Health
University of Texas Medical Branch, Galveston TX

Current Masters of Public Health Student Advisor

Cyrus Croom Occupational and Environmental Health
Ololade G. Coker Health Promotion Health Education

Current Masters of Public Health Student Committee Member

Esther Akpa International and Family Health
Beth Allen Health Promotion Health Education
Karen Anderson Occupational and Environmental Health
Nicole Diliglio International and Family Health
Anna Dragsbaek International and Family Health
Karen Johnson Community Health Practice
Sindhu Sandesh Community Health Practice

Esther Soundar Health Promotion Health Education
Vibhawari Tare Health Promotion Health Education
Jennifer Thompson Occupational and Environmental Health
Laurel Thorpe Health Services Organization
Megan Nykyforchyn International and Family Health
Charles D. Johnson Health Promotion Health Education

Past Masters of Public Health Thesis Advisor

Farah Ahmed Infant Breast Feeding Practices and the Risk of Overweight and Obesity:
2003 graduation Secondary Analysis of the North Carolina Breast Milk and Formula
Project
International and Family Health Concentration
Jessica Tullar Direct Observation of the Computer Workplace Risk Factors of College
2003 graduation Students
Occupational and Environmental Health Concentration
Alyssa Molina Mental Health Consequences of Filing a Workers' Compensation Claim
2004 graduation Epidemiology Concentration
Apu Agrawal Occupational and Environmental Health
2005 graduation "Work, Meaning and Health among Theater Artists"
Michael Smith Occupational and Environmental Health
2005 graduation "Sacred Vocation In Health Care"

Past Masters of Public Health Committee Member

Qasem Al-Salmi
2003 graduation Community Health Practice
Rachel Blumenthal
2004 graduation Health Services Organization
Insirah Al-adli Community Health Practice

2004 graduation

Current Masters of Science Student Thesis Advisor

Reggie Wills “A Study of Accidents and Productivity in Waste Disposal Pickup”
Environmental Health

Carla A. Mercado
Epidemiology

Rose Manduku
Epidemiology

Past Undergraduate Student Senior Thesis Advisor

Apu Agrawal Social Inequalities and Health: A Qualitative Study of Work Inequalities BA
2002 graduation Rice University

Alexa Plunkett Qualitative Analysis of Health Perceptions in Different Ethnic Groups
2003 graduation Rice University
